

Treasure Hunt:

Find the History Heroes!

Setting Up

To set up the History Hero Treasure Hunt:

1. First, cut up the History Hero images and clues separately from each other – you can print in black and white, if you want to save on ink.
2. Next, put the images in/on places relevant to the clues – you can do this around the house or in the garden or both. For example:
 - **Newton** – in the fruit bowl next to an apple or on a tree (if you have an apple tree, even better!)
 - **Keeffe** – with flowers
 - **Darwin** – with any pets (if you have a pet monkey, so much the better!)
 - **Chimney Sweeps** – fireplace
 - **Mary Anning** – fossils/rocks/stones
 - **Mozart** – on a musical instrument
 - **Ada Lovelace** – on the computer
 - **Pele** – on a bit of sport equipment, ideally something to do with football
 - **Warhol** – on the television or maybe on a work of art (if you have an original Warhol, even better!)
 - **Westwood** – on a bedroom cupboard door or in the laundry basket
 - **Shackleton** – on/in the freezer
 - **Munch** – on a parent's head!

How to Play

1. Make yourself a cup of tea
2. Settle down in a comfy chair & call the children
3. Start handing out the clues: they now have to come back with the first Hero to receive the second clue...and so on. If you spread out the clues around the house as much as possible, you'll be exercising their bodies along with their brains!
4. When they have found all the History Heroes, you can either ask them to choose one and find out a bit more about their chosen hero...or do some baking and bake a biscuit or a cake in the shape of something to do with one of the History Heroes OR let them have a rest (if you have ice creams for them, even better!) and make yourself another cup of tea
