

NEIL ARMSTRONG

1930 - 2012

- 1** On 21st July 1969 I was the first man to walk on the moon saying “One small step for a man, one giant leap for mankind”
- 2** I was commander for Apollo 11, the first manned lunar landing mission
- 3** I spent nearly **3 hours** on the moon, collecting samples and taking photographs
- 4** I landed on the moon in a lander named ‘Eagle’. Hence, “The Eagle has landed”
- 5** I was in the **second group** of astronauts ever chosen
- 6** In 1936 my first step towards space was when I flew for the first time aged 6

JOKER FACT

My spacesuit was made by a bra manufacturer
